

ADMISSIONS

KINDERGARTEN

Children aged 1 to 5 years are accepted in the Kindergarten Department. Admission is at the start of the school year in September. However, pupils are accepted throughout the year. While there is no formal assessment at this stage, the parents are interviewed and the child's behaviour is observed. Pupils are expected to be literate, numerate, confident and socially aware at the end of Kindergarten.

PREPARATORY

Children aged 6-11 are accepted in the Preparatory Department. Registration begins in the Summer Term for admission to the new school year in September. However, pupils are accepted throughout the year. Each applicant is required to sit an entry test to determine eligibility for the grade applied for or the course of action to be taken regarding any specially designed learning programme for the child. Students must at least be functioning at the grade level to be accepted in the upper school. On admission, students are randomly placed in a homeroom. Each year thereafter, pupils are streamed based on their annual cumulative average. Pupils are expected to be competent in all core subjects in order to matriculate to high school at the end of this period.

NOTE: The Academy reserves the right to withdraw any admission offer if parents or guardians fail to declare pertinent information related to the child's intellectual abilities or behavioural conduct that would affect their functioning in a communal and highly demanding learning environment.

DOCUMENTS REQUIRED FOR REGISTRATION:

The original and 3 copies of the child's birth certificate and immunization passport (copy pages 8 & 14), 3 certified passport sized pictures, the last school report card, SRN Number for transfer students, and the original and 3 copies of the parents'/guardians' nationally recognized identification card.

Please note that parents/ guardians will not be added to the child's file without their particulars being verified.

"Bloom where you are planted." -St. Francis de Sales
